Cell Phones for Life Inc.  
10 W. Main suite 420  
Ardmore, Ok 73401

To whom it may concern:

The Lifestyle Center of America has recently run across information about your organization. We have just upgraded our cell phones throughout our business, and have decided to donate all of our old, out of use telephones to your cause. We are impressed by your work, and hope that our small contribution will make a difference. As we are a non profit organization as well, we will not require a tax deduction.

May God continue to bless your outreach.

Sincerely,

Executive Assistant
